

Group No	CS 30		
Project Title	'Beauty Craft' - Integrated Salon Management System		
Supervisor's Name	Mr. Tharindu Wijethilake		
Co-Supervisor's Name	Miss. Sithara Fernando		
Group Meeting Number	03	Date	27.06.2021
Summary of work carried out during last two weeks			
<ul style="list-style-type: none"> Conducted a requirement analysis and finalized the scope and of the system after few discussion rounds. Completed all the diagrams required in the initial stages which are Activity Diagrams, Use case Diagram, Component Diagram, Flow charts. Completed writing Use Case Descriptions related to all use cases identified in the Use Case diagram. Discussed about the critical areas, with the supervisor and co-supervisor which we noted down when working on the project proposal. Found about SMS APIs which are appropriate for our system and selected a suitable one and also gained more knowledge about new technologies related to the system. Worked on the project proposal and finalized all the incomplete parts. 			
Individual Contribution for last two weeks			
[1]. N.D.Dissanayake 19000413		<ul style="list-style-type: none"> Created the component diagram for the proposed system. Completed writing the use case descriptions for the use cases of assigned actor. Worked on the sections such as Introduction, Objective, Technologies of the proposal document. Discussed and suggested solutions on a few critical areas of the main flow of some activities. 	
[2]. R.M.N.T.S.Rajapaksha 19001274		<ul style="list-style-type: none"> Completed activity diagrams and use case narratives related to the assigned actor. Completed all incomplete parts of the project proposal (feasibility studies, project timeline, etc.) with all the team members. Drew flowcharts for leave management process and service management process. Worked and learned more things on web development technologies (HTML, CSS, JavaScript, ...) 	
[3]. K.P.R.L.Madhubhashana 19000812		<ul style="list-style-type: none"> Gave some ideas which was helpful to overcome some issues related to our project proposal. Contributed to clarify some of the issues we face when creating activity diagrams. Contributed to complete project proposal with the team members. Designed a flow chart and some activity diagrams. Contribute to complete use case narratives. Learned basics of HTML. 	
[4]. H.D.R.M.Munasinghe 19001029		<ul style="list-style-type: none"> Explored some of the facts related to preparing the project proposal. Prepared project proposal with team members. Drew Flow chart for "Staff and salary management process" and Activity Diagrams related to the assign Actor. Completed Use case narratives. Learned more things about web development technologies (HTML, CSS...). Started to work with Trello board which was collaborated with group members. 	

Meeting outcomes

- Discussed and got solutions for some problems regarding service management and salary management from supervisor and co-supervisor.
- Discussed and got opinion about the component diagram and flowcharts.
- Got some information about SMS APIs and some other new technologies which will help to our future works.
- Discussed about feasibility study and gained more knowledge from supervisors.
- Discussed about the mistakes and got comments for the project proposal which were done at that time.
- Discussed about System Admin role and its functionalities.

Responsibilities Accepted by group members for the next two weeks

[1]. N.D.Dissanayake 19000413	<ul style="list-style-type: none">▪ Planning the Preliminary Presentation of the project.▪ Refresh knowledge on ER, Sequence and Class diagrams.▪ Start working on the SRS documentation of the project.▪ Practice designing a landing page to refresh front-end developing knowledge.
[2]. R.M.N.T.S.Rajapaksha 19001274	<ul style="list-style-type: none">▪ Start working on project presentation and gain more knowledge to working on it.▪ Find more things on MVC architecture, other technologies and applications which are appropriate for our project.▪ Find and learn more things about future SRS Documentations.▪ Learn more about PHP and MySQL.
[3]. K.P.R.L.Madhubhashana 19000812	<ul style="list-style-type: none">▪ Starting to create the presentation slides for the proposal defense.▪ Practice some CRUD operations using php.▪ Learning about MVC architecture.▪ Learn HTML/PHP.
[4]. H.D.R.M.Munasinghe 19001029	<ul style="list-style-type: none">▪ Learn web development technologies, methodologies related to the project.▪ Start to work on project presentation.▪ Learn HTML, CSS, PHP.▪ Gain knowledge to work on SRS document.
