

Group No	CS 30		
Project Title	'Beauty Craft' - An Integrated Salon Management System		
Supervisor's Name	Mr. Tharindu Wijethilake		
Co-Supervisor's Name	Miss. Sithara Fernando		
Group Meeting Number	02	Date	11.06.2021
Summary of work carried out during last two weeks			
<ul style="list-style-type: none"> The project idea was finalized in the first supervisor meeting after an in-depth analysis of the requirements of both project ideas we had. Flow of events were discussed in group meetings and noted the doubts and critical areas. Which were discussed with the supervisor and co-supervisor and cleared out in the next meeting. Practiced basic Git operations with all group members using a test repo. Started using a Trello board to manage and distribute the project work. Drew Use Case Diagrams and started writing Use Case Narratives. Drew Activity Diagrams on finalized activities. Started researching on Component Diagrams. 			
Individual Contribution for last two weeks			
[1]. N.D.Dissanayake 19000413	<ul style="list-style-type: none"> Creating a Git repository and a Trello board for the project and added team members, supervisor and co-supervisor as contributors. Then assigned cards for the initial tasks of the project proposal as we discussed. Sharing the basic Git knowledge among team members and practicing them. Drawing Use Case Diagram collaboratively with all team members. Drawing Activity Diagrams which are assigned according to the distribution of user groups among group members. Started working on project proposal. 		
[2]. R.M.N.T.S.Rajapaksha 19001274	<ul style="list-style-type: none"> Found some similar existing systems and studied different user functionalities related to our system. Gathered information on project proposal, analyzed our system and worked on it. Drew use case diagrams and activity diagrams Worked on web development technologies (PHP, SQL). Learned more things about Git and Initiated to work on Trello with team members. 		
[3]. K.P.R.L.Madhubhashana 19000812	<ul style="list-style-type: none"> Gave some new ideas to our project which was helped to overcome some issues. Visited several websites related to our project idea and identified their strengths and weaknesses. Practiced to work on GitHub with members of our team. Started working on a Trello board which was created to use on our group project. Started to write the project proposal. Drew use case diagrams and activity diagrams related to the actor. Learned basics of HTML, CSS and PHP. 		
[4]. H.D.R.M.Munasinghe 19001029	<ul style="list-style-type: none"> Suggested few ideas for the group project. Browsed existing software related to the salon management system and gathered requirements related to each of them. Drew Use case Diagram and Activity Diagrams. Initiated to work on Trello and git with team members. Start to write the project proposal. Learn more things about web development technologies (HTML, CSS...). 		

Meeting outcomes

- Salon management system was selected as the final project idea.
- Got some solutions to some problems that we had.
- Discussed about new functionalities and improvements with supervisor and co-supervisor, which can be added to the system.
- Scope was evaluated to include operations such as manage appointments, employee management and salary management, etc.
- Discussed about different technologies and applications which are to be used during the project (SMS system and OTP generating process).
- Discussing practical issues and business values related to the salon management system.
- Discussing about the flow of the project and future works with the supervisor.
- Request and received a zoom link from the co-supervisor which is used for group meetings.

Responsibilities Accepted by group members for the next two weeks

[1]. N.D.Dissanayake 19000413	<ul style="list-style-type: none">▪ Doing a small research on how we can relate MVC architecture to the system.▪ Completing Use Case Narratives for the Use Cases that have been assigned.▪ Contributing to complete the Component Diagram.▪ Finalizing the project proposal document.
[2]. R.M.N.T.S.Rajapaksha 19001274	<ul style="list-style-type: none">▪ Work on flow charts and component diagram.▪ Completing use case narratives.▪ Find technologies, methodologies and applications related to our project.▪ Learn more about HTML, CSS, JavaScript.
[3]. K.P.R.L.Madhubhashana 19000812	<ul style="list-style-type: none">▪ Find new things and ideas which will help to develop our project.▪ Complete drawing the use case diagrams, activity diagrams related to the actor.▪ Completing use case narratives.▪ Learn PHP.
[4]. H.D.R.M.Munasinghe 19001029	<ul style="list-style-type: none">▪ Learn web development technologies, methodologies related to the project.▪ Completing use case narratives.▪ Learn HTML, CSS, PHP.▪ Complete Flowcharts and component Diagram.
