Group No	CS 30		
Project Title	'Beauty Craft' - Integrated Salon Management System		
Supervisor's Name	Mr. Tharindu Wijethilake		
Co-Supervisor's Name	Miss. Sithara Fernando		
Group Meeting Number	13	**Date**	22.11.2021

Summary of work carried out during last two weeks

- Finalized a solution for managing leave types of leave management module by considering the suggestions of each team member.
- Found solutions to restructure the resource management process, service handling process, leave and salary management process according to the suggestions given by the panel of interim presentation.
- Restructured controllers and models to optimize the code intelligibility and reusability.

Individual Contribution for last two weeks

[1]. N.D.Dissanayake 19000413	- Added SQL transactions to the previously implemented controllers where necessary. - Working on leftover validations for the reservation placement. - Implemented required data binding functions in the query builder. - Pointed out issues of the suggestions made by the rest of the team members to modify the salary and leave process and discussed them.
[2]. R.M.N.T.S.Rajapaksha 19001274	- Completed some implementations related to the manager leave handling process. (Table of the take leave) - Worked on implementations of the slots handling process of services. - Found some solutions for the leave management process to handle the leave types. - Found some information related to chart.js on how to represent data of the system with different types of graphs using data from PHP controllers and models.
[3]. K.P.R.L.Madhubhashana 19000812	- Made changes according to the query builder. - Continued implementing the back of update staff. - Completed the back-end implementation of change rates. - Designed new UIs for the resources part by using Figma. - Created processes for managing resources and salary calculation and salary calculation with the team (By considering the feedback of interim presentation).
[4]. H.D.R.M.Munasinghe 19001029	- Implemented displaying the day of the week corresponding to the date entered in the calendar. - Worked on backend implementation of reservation overview related to the service provider interface. - Added some changes to leaveModel where necessary. - Exploring ways in which automated processes can be performed. - Discussed a new suggestion for the leaves and salary management process with team members.

Meeting outcomes

- Informed about the finalized solutions for the Leave handling process, Salary management system, and Resource management system.
- Got the opinion of the co-supervisor, for the solutions suggested for each above-mentioned module by team members.

Responsibilities Accepted by group members for the next two weeks	
[1]. N.D.Dissanayake 19000413	▪ Completing leftover validations for the reservation placement. ▪ Completing session timeout and auto log-out to improve security. ▪ Completing pin timeout for both mobile verification and password reset operations.
[2]. R.M.N.T.S.Rajapaksha 19001274	▪ Complete the implementations related to the slots handling process of services. ▪ Continue the working of the leave handling process and do modifications according to the new solutions suggest for leave types. ▪ Work on the implementations related to manager overview and analytics modules.
[3]. K.P.R.L.Madhubhashana 19000812	▪ Continue working on the close salon, salary process of staff members, and update a resource. ▪ Start working on managing resources. (New process) ▪ Finding a way to store an image and load an image to the view. ▪ Complete remaining implementations related to staff management.
[4]. H.D.R.M.Munasinghe 19001029	▪ Continue pending leave request updating and deleting process. ▪ Continue works on reservation overview operations related to the service provider. ▪ Start to implement staff profile view. ▪ Learn more things about system log file handling.
